Sun Safety in School

Dear Parents/Carers,

As we approach the summer months, we are looking forward to spending more time outdoors, both during playtimes and as part of our learning. To help keep all children safe and comfortable, we kindly ask for your support with sun protection.

Please ensure that your child brings a **sun hat and a water bottle to school every day**. Both items should be clearly labelled with your child's name. If your child is wearing a suitable sun hat, sunglasses are not necessary, and we ask that these remain at home to prevent them from being lost or broken.

We also ask that children arrive at school wearing '**all day**' **sun cream**, applied at home before the start of the day. Please check the weather forecast each morning to decide whether sun cream is needed. Ensuring your child is appropriately protected from the sun is the responsibility of parents and carers.

We would also like to remind families that we are a **nut-free school**. Some sun creams now contain nut oils, including almond oil. *An example of this is Nivea kids 50+ (as pictured).* As we have children in school with severe nut allergies, please carefully check the ingredients and only use sun creams that **do not contain nuts**.

In school, we regularly teach children about sun safety so they understand how to protect themselves, such as wearing hats, drinking plenty of water and staying in the shade where possible. We would really appreciate your support in reinforcing these messages at home.

Thank you, as always, for your continued support. By working together, we can help ensure all our children stay safe and happy during the summer months.

Kind Regards,

Natalie Rogers

Assistant Headteacher

Our school encourages each child to grow into a happy, confident individual, thriving in a supportive community where each is inspired to learn and discover through a kaleidoscope of opportunities, with space to imagine and to create.
