

Waterbeach Community Primary School

Weekly Learning Update: Year 6

Date: Week Beginning 12th October

Maths

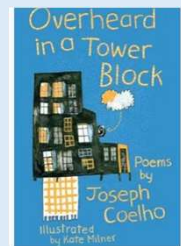

In Maths next week, we shall be completing work based on the order of operations and how to complete word problems based on the four main operations.

Times Tables

If your child is still not secure on their times tables, practising these at home little and often will make a huge difference. Number Blocks goes all the way up to 12x and there are various apps on the internet to help.

English/Phonics

In English next week, we shall continue with our unit on poetry based around Joseph Coelho's book, 'Overheard in the Tower Block'.

Spelling

This week the children have investigated the 'ably' suffix e.g. *alphabet* or *dolphin* and the 'ibly' suffix e.g. *horrible*, *forcible*

Topic

In Science, the children will be completing an investigation into Electricity.

PE Reminder

Children need to be coming in their PE kits on **Monday & Wednesday**.

This consists of a coloured t-shirt relating to their house.

This is not to be a football shirt and if a house-coloured t-shirt is not available, a plain white t-shirt would suffice.

Long hair will need to be tied back (hair ties therefore required) and earrings will need to be removed.

Additional information & Reminders

Jewellery

A single pair of stud earrings can be worn – no other jewellery is necessary.

Any jewellery that is continually worn will be held at the office for a parent to collect.

Forest School

We hope to go to the forest this week (16th), however this might not be possible so we will send out communication on the Thursday

Thank you for your continued support. Please get in touch if you have any questions.
Kind regards, the Year 6 team.
